Subject: Fw: Two start dates have moved and one has been added

Hi all,

For those who have procrastinated and still want to play this summer, the doubles division at the Grove in Everett will start this Saturday at 4:00 PM and The Parlor in Bellevue will start on July 11th at 3:00 PM.

Also, due to repeated requests, Nancy will be starting an in house division at the Soundview in Everett on Wednesdays starting on the 14th of July. This will give new players just enough time to qualify for the WBCA 9 Ball in October.

Please visit the "Division Info" page for how to contact the division manager and all the updated information.

Lastly, a new feature to the web site is now up and running. All players will have access to their divisions stats, including games and weeks played. This will be kept updated as soon as we receive the info from the division manager and I feel like getting to it. The feature is at the top of the "Players" page, and will show all the divisions stats for the 2010-11 season. This should help answer many of the questions about qualifying and current statuses. Newly starting divisions will be posted after week 2, or when the info is sent to us, which ever comes last.

Please direct all questions regarding the accuracy of the stats to your division manager, as we are simply reporting what we receive. Corrections of errors will only be accepted directly from the division managers.

Chris, Ford, and Rose
